

# 4G ARTS WEEK

# 4G ENJOYED ARTS WEEK, WE...

Visited Newbiggin beach and went beach combing.

Made different arts and crafts - stone painting, making our own sea collages, making paper plate sea shells and decorating bottles ready to put our messages into.

We wrote diary entries imagining we were shipwrecked and wrote persuasive messages to go into our bottles hoping to be rescued.

We built our own ships using materials such as driftwood collected on our beach trip.
